SUCCESSFUL TRANSFER TO THE RESEARCH UNIVERSITY
Summer 2019, 2.0 units

COURSE DESCRIPTION: Provides first quarter community college transfers with an understanding of the workings of a research university with emphasis on advanced academic expectations. Encourages development of educational plans reflecting effective academic strategies, short and long-term goals, research and/or internship experiences, and graduate programs.

COURSE GOALS AND STUDENT LEARNING OUTCOMES
To address the broader issues of transfer student retention and academic success, this course presents these course goals and corresponding student learning outcomes.

1. To assist students with making a smooth academic transition from the community college to the research university while they become productive members of a community of scholars. After completing this course, students will be able to identify their challenges and opportunities at the research university.

2. To guide students to explore differences in academic expectations between the community college and the research university while enabling them to maintain a sense of academic self-efficacy. After completing this course, students will be able to demonstrate acceptable academic performance as they adjust formerly successful academic strategies to meet increased expectations at the research university.

3. To enable students to refine their academic skills so as to achieve academic excellence. After completing this course, students will be able to implement effective approaches to reading upper-division material; demonstrate the knowledge of university level writing expectations in their discipline; identify and practice critical thinking skills appropriate to their major discipline; and adapt to the fast pace of the quarter system with revised time management strategies.

4. To introduce students to the importance of developing essential relationships which will enrich their academic experience. After completing this course, students will be able to meet and connect with faculty, especially during faculty office hours; demonstrate use of study groups; demonstrate use of advisers; and engage in participation with at least two campus resources.

5. To prepare students for future opportunities. After completing this course, students will be able to investigate resources to assist with setting career goals; understand the contributions an internship can make in a student’s educational experience; and develop understanding of the role of graduate school in one’s career goals as well as the identification of potential programs and the application process.

COURSE REQUIREMENTS
1. Attend and actively participate in twice-weekly seminar. If you miss all or part of more than one class or meeting, your final course grade may be affected.

2. Complete the assigned reading and all assignments (provided in Canvas) on time, in preparation for each meeting.

3. Complete the final assignments:
   - comprehensive educational plan and
   - final paper analyzing your transition to the university, (due by the final class meeting).

4. Attend and write a short summary and personal reflection about two of the Transfer Academy-offered Workshops/Info Sessions (see end of schedule.) You may attend additional workshops and receive extra credit by providing a similar written response.

**ADDITIONAL POLICIES**

Neither Summer Session nor instructors drop students for non-attendance or non-payment. Students must drop themselves. Dropping results in full tuition reversal/refund. Withdraw posts a W for the grade and full tuition is charged (no refund).

For all dates and deadlines, including ‘change of grade option’ (P/NP) and grades due, here is the summer academic calendar: [https://summer.ucsc.edu/studentlife/index.html](https://summer.ucsc.edu/studentlife/index.html)

For questions about dropping, requesting a W grade for a course, or withdrawing from the summer quarter, email [summer@ucsc.edu](mailto:summer@ucsc.edu).

**DRC Accommodations:**

The Disability Resources Center reduces barriers to inclusion and full participation for students with disabilities by providing support to individually determine reasonable academic accommodations. If you have questions or concerns about exam accommodations or any other disability-related matter, please contact the DRC office, located in Hahn 125 or at 831-459-2089 or [drc@ucsc.edu](mailto:drc@ucsc.edu).

**Academic Dishonesty**

Academic integrity is the cornerstone of a university education. Academic dishonesty diminishes the university as an institution and all members of the university community. It tarnishes the value of a UCSC degree.

All members of the UCSC community have an explicit responsibility to foster an environment of trust, honesty, fairness, respect, and responsibility. All members of the university community are expected to present as their original work only that which is truly their own. All members of the community are expected to report observed instances of cheating, plagiarism, and other forms of academic dishonesty in order to ensure that the integrity of scholarship is valued and preserved at UCSC.

In the event a student is found in violation of the UCSC Academic Integrity policy, he or she may face both academic sanctions imposed by the instructor of record and disciplinary sanctions imposed either by the provost of his or her college or the Academic Tribunal convened to hear the case. Violations of the Academic Integrity policy can result in dismissal from the university and a permanent notation on a student’s transcript.

For the full policy and disciplinary procedures on academic dishonesty, students and instructors should refer to the [Academic Integrity page](https://summer.ucsc.edu/studentlife/index.html) at the Division of Undergraduate Education.

**Title IX:**

The university cherishes the free and open exchange of ideas and enlargement of knowledge. To maintain this freedom and openness requires objectivity, mutual trust, and confidence; it requires the absence of coercion, intimidation, or exploitation. The principal responsibility for maintaining these conditions must rest upon those members of the university community who exercise most authority and leadership: faculty, managers, and supervisors.

The university has therefore instituted a number of measures designed to protect its community from sex discrimination, sexual harassment, sexual violence, and other related prohibited conduct. Information about the Title IX Office, the online reporting link, applicable campus resources, reporting responsibilities, the [UC Policy on Sexual Violence and Sexual Harassment](https://summer.ucsc.edu/studentlife/index.html) and the UC Santa Cruz Procedures for Reporting and Responding to Reports of Sexual Violence and Sexual Harassment can be found at [titleix.ucsc.edu](http://titleix.ucsc.edu).

The Title IX/Sexual Harassment Office is located at 105 Kerr Hall. In addition to the online reporting option, you can contact the Title IX Office by calling 831-459-2462.
