Check List for Visitors to UCSC Summer Session

___(1) Submit short application form (starting April 1 through June 15).

___(2) Pay the $50 fee.

___(3) We will email you account information - then log in to set up and learn how to use email, my.ucsc.edu, student portal, enrolling (add/drop), tuition/billing, etc.

Note, ALL communication from professors, billing, Summer Session etc. comes to your ucsc.edu email so check it daily. Proud to be green – you will NOT be mailed bills.

___(4) Go through our fantastic course list and plan ahead for enrollment (starting May 1).

___(5) Check with your academic department or campus advisors to find out which classes transfer back to your college. California public colleges can use assist.org as well.

___(6) Enroll in classes (May 1 through end of add period).

Remember, enrollment opens for ALL students on May 1 at 12:01am. If you need specific classes, make sure you enroll early. Add for Session 1 closes Wednesday June 25. Add for Session 2 closes Wednesday July 30.

___(7) By enrolling, you commit to pay the tuition and fees. There is no different cost for ‘out of state’ students - we welcome visitors from other colleges & all over the world!

Tuition is $271 per unit plus a $284 campus fee for the full summer of gym, buses, libraries, labs, etc.

___(8) If you do not attend, you must drop courses online at my.ucsc.edu. You will be charged full tuition and fees for classes you don’t drop.

Enter these “drop” deadlines in your calendar. To get tuition refunded:

- Session 1 – drop by Sunday, June 29
- Session 2 – drop by Sunday, August 3
- 8-Week classes – drop by Sunday, June 29
- 10-Week classes – drop by Sunday, July 6
- Campus Fee – all classes must be dropped by Sunday, June 29 for this $284 to be refunded

Remember "not attending" doesn’t not constitute a drop – you MUST drop at my.ucsc.edu for a refund. If you enroll then drop all your courses, a $50 "cancellation fee" is charged, non-refundable.

___(9) Purchase your textbooks, learn campus layout and parking, get your ID card and summer sticker, reach out to your professors if you have questions or just want to introduce yourself.

___(10) Come take a tour – learn about parking, housing, dining options, the fitness center, pool, and recreation facilities, health center, services for students with disabilities, tutoring, arts, culture, farms and gardens, and libraries. Classes begin June 22.
